WHY BUY NUTRI-WEST?

Our Company was founded by a chiropractor, the late **Dr. Paul White and his wife Marcia**. Their daughter, Michele Ediss, still owns and operates the company today. It's a large international company, but small enough that you can still call and talk to the president of the company with questions!

Nutri-West is Unique in that our structure includes Regional Distributors which allows us to give the best support and customer service available. The Nutri-West Distributor lives in the same area as their providers and can offer personal service along with same day shipping and many other benefits to customer relations. You can also be assured that your questions will be answered by knowledgeable specialists that you have gotten to know, many times personally.

We Offer Support literature for most products for the Healthcare Provider as well as online information through our website, including webinars, literature, online catalog, online ordering, and a calendar schedule of our many high-quality continuing education seminars in all of our regions.
